4/17/62

Dear Joan,

Well friend, like, its almost the end! And yet, its really just beginning - a very long life (I hope) of happiness, hardships, worries, problems - but don't let them get the best of you - As Wayne always says - Live & let Live! You can do this - but "Live & Help Live" also - You're really wonderful and you needn't worry - just stay the way you are now! Wayne is always going after me for worrying - Remember "Happiness is cheaper than worry - to get your money's worth"!

I do hope you and whomever you have as a life-long companion will be very happy together - and - will not have many difficulties. Treat your man like a King - Give & Take!

I'll never forget at lunch & our lunch time jokes & discussions! Chis! Remember always our famous "pick-up" and "split"! Boy, it was really fun doing them all in gym! Or anywhere for that matter! Rem. our great home room! The crawling under the desks - and Mrs. Thomason's surprised looks! Never forget how in gym we would do our famous "Hip Dance"!

Oh, finally, I'll never forget my senior year! Its really been WONDERFUL, and I'll never forget you! A truly great friend to the end! Joan, do always keep in touch - I'd hate to lose a great a friend as you! I'll always be there when you need me - just yell - Hey Cattie!

4/12/62

Dear Joan,

These past four years with you haven't been easy. We have had a lot of good times. Our friendship has been wonderful this year. I will never forget those mornings and afternoons on the bus. What fun we had. Memorable will be our senior math class. It was terrible how we made fun of Mr. O'Dell (our leader).

How can we ever forget our trip to Chattanooga. We had so much fun coming back and going there on the bus. How can we ever forget old room 23 and the Belvoir. The highlights of the night spent there will always stand out in my mind. The little pictures that were taken, the pillow fight, and the ice incident.

I will never forget when you and Nancy cornered me in the bathroom and when I slung you across the bed. Joan, I hate to say this but I will never sleep with you again. You are too rough.

I still have never figured out what you and Nancy were doing on the floor that night between the beds.

(OVER)

These highlights of this trip are memorable,  
especially the hauling ~~my~~ alley occurrence. We  
truly had a wonderful time.

I know that our graduation will not  
be the end of our friendship. I will always  
remember you. I am looking forward to  
ETC with you next year.

Love,

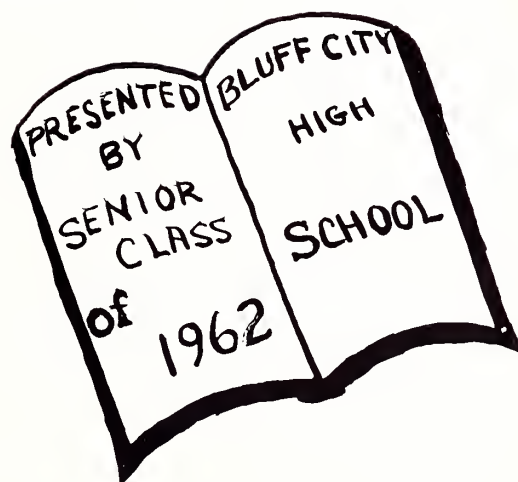

P.S. my father

We Give S & H Green Stamps

Joan,

These past four years have been lots of fun for us. Over this period of time we've laughed, cut-up, fussed and told of our problems. I am glad to have such a friend as you to confide in. It seems like yesterday, the day that we met in the auditorium. I consider you as one of my true friends. We have been closer friends then we ever were this year. I hope we can fix our schedules at college so we can have our classes together.

Remember the time you sold a certain Freshman a program (C.C.). I can still see you coming down to where I was sitting with a shocked expression on your face. I use to beat your arm off when I sat beside of you but you took it. I get all excited at Ole B.C.'s games. We will have to go to some of Bluff City's games next year. I bet they will have a better team next year. Julie, you and I sure have had some happy time at Ole B.C.!

The day we took our entrance exams at State was alot of fun (not the exams). I felt like a green freshman once again. Julie's etiquette at Texas State was real smooth. ha! I guess they wondered where we were from.

It seems sort of sorrowful as our high school days come to an end. My wish is that we can keep in contact with each other after graduation. I say the same sweet gal you are now and you will always be loved.

Love Always  
Janice Staff
